But in such case reports shall be made of arrivals.

Section III. *And be it further enacted by the authority aforesaid*, That the Governor, or, in his absence, a majority of the Board of Inspectors, shall have full power and authority to prohibit all intercourse with infected places within the United States, under any penalty not exceeding three hundred dollars, on each person transgressing the said prohibition, to be recovered by action of debt, or by indictment, one half to be paid to the Inspectors, for the benefit of the Hospital on State-Island, and the other half to the benefit of the informer ; and to direct the removal of any person or persons infected, or who, from their exposure to the operation of contagion, are likely to become so, and to order the quarantine to be performed by any vessel, and to direct the removal and purification of any vessel, goods, wares and merchandize, and to take such suitable and efficient measures, as may be found necessary to prevent all such intercourse, and carry into compleat effect the aforesaid provisions, and to cause such persons as transgress or disobey the same to be conveyed to the Hospital on State Island, and there kept for one month, or such shorter time, as the case may require.
